Conduct a public hearing and consider an ordinance for Zoning Application No. Z0424-0359, submitted by Javier Ruiz, for a change of zoning from Central Business to Central Business with a Conditional Use Permit to allow used motor vehicle sales, located at 611 West Davis Street.

(One response in favor and two in opposition to the application have been received from property owners within the statutory notification area. The Planning and Zoning Commission recommends approval with certain stipulations).

A public hearing was held for Zoning Application No. Z0424-0359.

Jeff Armstrong, Director of Planning and Development Services, stated that the applicant proposes to operate a used car dealership on the property. The existing building has been condemned, but a Court order has been issued with several extensions to allow the owner to repair the building. To date, no repairs have been done. The use is not consistent with recommendations of the Comprehensive Plan nor with public input received during the ongoing Downtown Overlay project. Although used car dealerships exist in the area, adding another dealership perpetuates a use contrary to downtown redevelopment's goals and the Comprehensive Plan.

Applicant Javier Ruiz presented photos of the current condemned building and the proposed new building structure.

A public hearing was held to consider a resolution authorizing the City Manager to finalize and execute an Economic Development Program Agreement (Chapter 380 Agreement) with Harmon, Inc., for the lease and occupation of the industrial park facility located at 2614 Big Town Boulevard, Mesquite, Texas.

Kim Buttram, Director of Economic Development, stated that Harmon, Inc., proposes to move from their existing location at 5351 Samuell Blvd., #400, Mesquite, Texas, to lease and occupy a new facility at 2614 Big Town Boulevard, Mesquite, Texas. The new building is approximately 212,000 square feet and is on the site of the previous Truck Stops of America, which was redeveloped in 2023, expanding Harmon's footprint by an additional 77,000 square feet from their

existing facility. Harmon plans to move the existing operations of unitized curtain wall (high-rise façade) glass unit manufacturing and assembly into the new facility by October 2, 2024, adding 80 new full-time employees (for a total of 200) by June 30, 2026.

The proposed Chapter 380 Agreement requires Harmon to lease the facility for a term of at least seven years, receive a Certificate of Occupancy by October 2, 2024, and pay an average annual wage to existing and new employees of \$57,200.00, which is the highest average wage agreement on record. The agreement also requires capital expenditures of \$3.5 million in tenant improvements and \$3.6 million in Business Personal Property (BPP) to qualify for the incentive.

The proposed Agreement provides the Company a City-tax grant based upon 100-percent of Business Personal Property taxes paid annually for seven-years, estimated to be a total of and a not-to-exceed amount of \$250,000.00. The grant is based upon existing and new BPP value.
