REQUEST FOR: Planned Development - Townhome & Comprehensive Plan Amendment
CASE MANAGER: Jordan Gregory

PUBLIC HEARINGS

Planning and Zoning Commission: Monday, September 23, 2024 (Approved)
City Council 1st Meeting: Monday, October 21, 2024 (Tabled)
City Council 2nd Meeting: Monday, April 7, 2025

UPDATE:

At the October 21, 2024, meeting, City Council postponed the request without a date certain to allow the applicant an opportunity to revise the proposal. The applicant has since submitted a revised concept plan with the following changes.

- Removed the assisted living facility
- Increased the number of dwelling units from 34 to 35
- Added a dog park, open space and pickleball court
- Included an access connection through the adjacent church property
- Added 19 guest parking spaces

GENERAL INFORMATION

Applicant: Jason Shaw
Requested Action: Comprehensive Plan Amendment from Low Density Residential to Medium Density Residential and a zoning change from AG – Agriculture to Planned Development – Townhomes to allow an age-restricted townhome development including 34 townhomes and an assisted living facility.
Location: 2795 Clay Mathis Road

PLANNING AND ZONING ACTION

Decision: On September 23, 2024, the Planning and Zoning Commission voted 6-1-0 to approve the requested zoning change to Planned Development – Commercial, and the Comprehensive Plan Amendment change to Medium Density Residential with Exhibit A (Legal Description), Exhibit B (Development Standards), Exhibit C (Concept Plan), and the following conditions:

- A 6-foot masonry wall or living screen shall be erected between the assisted living facility and the adjacent townhome and single family home.
- The property lines through the shared driveways shall be clearly delineated with a median or landscape bed to separate the parking spaces between the dwelling units. This change must be shown on the approved site plan and does not require a concept plan amendment.
- Five parking spaces (approximately 1/3 of the required visitor spaces) shall be placed on the southwest portion of the parcel near the cul-de-sac. This change must be shown on the approved site plan and does not require a concept plan amendment.
- The 17 off-street visitor parking spaces shall be constructed before the final inspection of any townhome constructed after 50% of the dwelling units have been completed.
- The percentage of open space provided after development shall not be less than what is listed on the concept plan.

CASE SUMMARY

The applicant is requesting a rezoning of the subject property from AG – Agricultural to Planned Development – Townhomes. A maximum of 34 townhome units are proposed, with a gross density of 7.9 dwelling units per acre. The 34 units will be provided in two duplex structures, six triplex structures, and three quadplex structures. The lot areas for each townhome will range from approximately 2,600 – 3,800 square feet, with an anticipated living area of 1,400 square feet. The subdivision is proposed to have no alleys and all townhomes will include a front entry

one-car garage with a shared driveway between each unit. An additional 17 off-street visitor parking spaces are proposed in the commercial parking area for the assisted living facility.

The PD includes an additional permitted use for Lot 31: SIC Code 805 – Nursing and Personal Care Facilities. As part of the 55 and up age requirement, the development will also include an on-site assisted living facility, which will have a maximum of 48 beds.

Open space is proposed in two locations on the southwest portion of the parcel, near the cul-de-sac. The open space proposed on the Concept Plan (Attachment 8) equates to approximately 6% (5,556.7 square feet/2.06 acres) of the site. This is calculated using parcels on the site that do not have residential dwelling units. The PD does not stipulate any additional amenities to be included in the development.

Fencing will be provided throughout the development, including a 6-foot masonry wall along Clay Mathis Road, as well as a 6-foot wrought iron fence along the rear property line(s) of each of the townhome lots. An additional 6-foot wrought iron fence with a living screening will be constructed at the exterior of all open spaces/public areas that are adjacent to an external boundary.

As required by the Mesquite Zoning Ordinance (MZO), the PD restricts recreational vehicles, motorhomes, watercraft equipment, or other equipment greater than 6 feet in height when mounted on its transporting trailer to be parked or stored on any lot with a dwelling unit; and regardless of height, no such equipment shall be parked or stored on any street for longer than 24 hours.

A Homeowner's Association is required and will be responsible for the upkeep and maintenance of any common areas or community facilities.

MESQUITE COMPREHENSIVE PLAN

The *Mesquite Comprehensive Plan* designates the future land use of the subject property as Low Density Residential. The Low Density Residential land use designation represents a traditional single family detached neighborhood where each dwelling unit is located on an individual lot. This development type typically sees 3-5 units per acre, with supporting uses including parks, recreation facilities, schools, and neighborhood clubhouses.

STAFF COMMENTS:

The *Mesquite Comprehensive Plan* designates the future land use of the subject property as Low Density Residential, which does not align with a townhome development. In addition to the zoning request, the applicant has requested a Comprehensive Plan Amendment from Low Density Residential to Medium Density Residential. Medium Density Residential represents single-family residential neighborhoods that have a density of 6-12 units per acre. Structure types may include single-family detached homes, townhomes, duplexes, and patio homes.

The proposed townhome development would have a gross density of 7.9 units per acre, which would align with the Medium Density Residential designation. It is Staff's opinion that the

Comprehensive Plan Amendment will still allow the intent of the *Mesquite Comprehensive Plan* to be met by filling a gap in Mesquite's housing diversity. Additionally, the townhome development is proposed to provide screening and enhanced landscaping throughout.

MESQUITE ZONING ORDINANCE

SECTION 4-201(A) PROPOSED USES

"An application for a PD district shall specify and the PD ordinance shall incorporate the category or type of use or the combination of uses, which are to be permitted in the PD district. Uses may be specified by reference to a specific zoning district, in which case all uses permitted in the referenced district, including those permitted through the cumulative provision of the zoning ordinance, shall be permitted in the PD district. Uses requiring a Conditional Use Permit under the referenced district shall require a Conditional Use Permit under the PD district unless such use is specifically set out as permitted in the PD ordinance."

STAFF COMMENTS:

The proposed PD is for a townhome development including 34 residential lots and an assisted living facility located on Lot 31.

SEC. 4-201(B) DEVELOPMENT REQUIREMENTS

"An application for a PD district shall specify and the PD ordinance shall incorporate the development requirements and standards which are to be required in the PD district. Development requirements and standards may include, but are not limited to, density, lot size, unit size, setbacks, building heights, lot coverage, parking ratios, screening, and other requirements or standards as the Council may deem appropriate. Development requirements and standards may be specified by reference to a specific zoning district, in which case all requirements and standards in the referenced district shall be applicable. The applicant or the City may propose varied or different standards that improve development design or enable a unique development type not otherwise accommodated in the Zoning Ordinance."

STAFF COMMENTS:

As part of the PD request, the applicant is proposing deviations from the recommended City standards for townhomes. The tables below illustrate the requirements and specific deviations proposed by the applicant. Any regulations not listed in the PD must comply with applicable city ordinances.

SEC. 4-201(C) CONCEPT PLAN

“An application for a PD District shall include a concept plan showing a preliminary layout of proposed uses, access, buildings, parking, open space, and the relationship to existing natural features and to adjacent properties and uses. The concept plan shall be construed as an illustration of the development concepts and not as an exact representation of all specific details.”

STAFF COMMENTS:

Attachment 8 includes the proposed Concept Plan, which illustrates the layout of the subdivision.

CONCLUSION

ANALYSIS

Staff has reviewed the proposed requirements in the PD. While the proposed standards in the PD differ from several typical City standards, it is Staff's opinion that the proposed PD will provide for a development with adequate infrastructure. Additionally, the Comprehensive Plan Amendment to Medium Density Residential will meet the intent of the Mesquite Comprehensive Plan as it provides a development that fills a gap in Mesquite's housing diversity. It is Staff's opinion that the proposed subdivision at this location is an appropriate use and is compatible with the surrounding developments; however, slight changes should be made to the overall design.

RECOMMENDATIONS

Staff recommends approval of the Comprehensive Plan Amendment from Low Density Residential to Medium Density Residential and the zoning change from AG – Agriculture to Planned Development – Townhomes, to allow a townhome development including 34 townhomes and an assisted living facility with Exhibits A (Legal Description), B (Development Standards), and C (Concept Plan), and the following conditions:

- A 6-foot masonry wall or living screen shall be erected between the assisted living facility and the adjacent townhome and single family home.
- The property lines through the shared driveways shall be clearly delineated with a median or landscape bed to separate the parking spaces between the dwelling units. This change must be shown on the approved site plan and does not require a concept plan amendment.
- Five parking spaces (approximately 1/3 of the required visitor spaces) shall be placed on the southwest portion of the parcel near the cul-de-sac. This change must be shown on the approved site plan and does not require a concept plan amendment.
- The 17 off-street visitor parking spaces shall be constructed before the final inspection of any townhome constructed after 50% of the dwelling units have been completed.
- The percentage of open space provided after development shall not be less than what is listed on the concept plan.

PUBLIC NOTICE

Staff mailed notices to all property owners within 200 feet of the subject property and mailed with a courtesy notice for properties within 400 feet. As of March 31, 2025, Staff has received one returned notice in support (two came from the same property) and five returned notices in opposition to the request.

Planned Development Standards

This Planned Development Townhome (PD-TH) must adhere to all conditions of the Mesquite Code of Ordinances, including but not limited to the Mesquite Zoning Ordinance, as amended, and adopts the Townhome zoning district as the base district standards consistent with the Concept Plan attached hereto and incorporated herein as Exhibit C and the standards identified below, which apply to this PD-TH district. Where these regulations conflict with or overlap another ordinance, this PD ordinance will control.

General:

1. Development shall be in general conformance with the following exhibits:
 - a. Concept Plan as shown on Exhibit C;
2. Changes may be made to the concept plan during the formal site plan process per the Engineering Design Manual and International Fire Code requirements.
3. All uses permitted in the Townhome District are allowed on the Property except as modified in Subsections "a" of this paragraph. The uses permitted in the Townhome District are subject to the same requirements applicable to the uses in the Townhome District, as set out in the Mesquite Zoning Ordinance.
 - a. The following use is permitted by right on Lot 31:
 - i. SIC 805 – Nursing & Personal Care Facilities
4. Development on Lot 31 shall conform with the landscaping requirements found in the Mesquite Zoning Ordinance 1A-200
5. Before issuance of building permits for a project containing and common areas or community facilities, it shall be necessary to assure the city that provisions have been made for adequate upkeep and maintenance of such area and facilities through the creation of a homeowners or maintenance association established to maintain and manage all such common areas and community facilities. Documents creating such association shall grant the City the right to collect maintenance fees and provide maintenance in the event that the association fails to do so.
6. The development shall have an ownership age restriction of 55 and older for all residential units. This restriction shall be implemented and governed by the HOA.
7. All common areas and community features noted in the concept plan shall be maintained by the HOA.
8. All green space/common areas noted in the concept plan on lots 1A and 1B shall be constructed prior to the issuance of building permits.
9. An entry feature/monument sign shall be erected and maintained along Clay Mathis Road.
10. The required one car enclosed garage may not be converted into living space.
11. No recreation vehicle, motorhome, watercraft, or other equipment greater than six (6) feet in height when mounted on its transporting trailer shall be parked or stored on any lot with a dwelling unit. Regardless of height, no such equipment shall be parked or stored on any street for longer than twenty-four (24) hours.
12. Five parking spaces (approximately 1/3 of the required visitor spaces) shall be placed on the southwest portion of the parcel near the cul-de-sac. This change must be shown on the approved site plan and does not require a concept plan amendment.

ATTACHMENT 7 – DEVELOPMENT STANDARDS (EXHIBIT B)

Exhibit "B"

Cornerstone Oaks – Community Design Proposal (11-11-2023)– 1 of 7

City of Mesquite and Comprehensive Plan Alignment

Located within the city of Mesquite directly on Clay Mathis Rd, the neighborhood is easily accessible and will provide its' homeowners with easy access to several local comforts such as:

Grocery Stores: Kroger (1919 Fathon P. Lucas Blvd.) - 5 minutes

Local Major thoroughfares - US Highway 80 - 10 minutes

Interstate Highway 635 – 12 minutes

The City of Mesquite's current comprehensive plan (Adopted in 2013 – section I-8) states the 5th goal within its' strategic framework plan is to provide a "community of quality neighborhoods." Cornerstone Oaks seeks to satisfy several of the objectives of this goal through its' development. For example, the community will provide a shared open space which is in line with the city objective to provide "convenient and easy access to parks, trails, and amenities." Cornerstone Oaks also seeks to meet the city's objective to promote a "reputation as a family friendly community" by its community design elements that allow for easy social interaction among its' homeowners.

Cornerstone Oaks – Community Design Proposal (11-11-2023)– 3 of 7

Cornerstone Oaks | 2829 Clay Mathis Rd.

Statement of Intent

Cornerstone Oaks is envisioned to be a unique active adult community where vibrant living meets the tranquility of age. A collection of classic style residences for the Mesquite community, **Cornerstone Oaks** desires to be a premier 55+ neighborhood dedicated to fostering a close-knit environment for active adults, providing a haven of comfort, social engagement, and tailored amenities. Created with traditional design elements such as large open windows, open porches, and modern finishes, each home is designed to have a unique style of its' own. The community vision is to create a unique neighborhood while embracing time trusted design principles.

I am against the rezoning of this request as it appears to be more of a multi-family style housing. This type of housing I feel will bring the pricing of not just the surrounding single family homes but also outside of those areas. Also these will be built on a dead end street with a cul-de-sac which will affect emergency response vehicles accessing the homes and leaving. There is also the location of the rubbish containers for the two (each) assisted living buildings that will be around 100 feet south to southwest from our bedroom window. The prevailing winds will blow the smell directly towards our house.
