**Re: Letter of Request for City of Mesquite Easement Abandonment – Town East Mall**  
[REDACTED]

Dear Mr. Holzapfel:

On behalf of General Growth Properties, I am respectfully requesting for partial abandonment of an existing storm sewer easement as illustrated on "Storm Sewer Easements" for the Town East Mall, Phase 2.

Supporting documentation includes a copy of the original Plat with storm sewer easements dedicated by the plat, a survey with field notes prepared by a licensed surveyor that describes the partial easement to be abandoned, and a sketch of the locations of City utilities contained within the easement. A check for \$500.00 for the administrative processing fee has been included with this package for abandonment of the public easement. The easement to be abandoned is located wholly within the existing Town East Mall, Phase 2 property defined as Lot 2, Block A as shown in the attached original plat.

The purpose of the partial abandonment of the existing easement as described in the supporting documents is needed to facilitate a commercial development that will be leased by the original owner. The abandonment will be used in conjunction with the proposed storm sewer easement dedication for relocation of the storm sewer utility to accommodate the Town East Mall [REDACTED] retail development.

If you have any questions regarding this request, please give me a call at 414-930-4598.

Sincerely,  
COLLINS ENGINEERS, Inc.
