

1 Executive Summary

Ultra Electronics Forensic Technology Inc. (hereinafter referred to as **Forensic Technology**) is pleased to provide the **Mesquite Police Department** (hereinafter referred to as the **Customer**) with this budgetary price quote for our latest generation of Integrated Ballistics Identification System (IBIS®) and Projectina Stereo Zoom Microscope.

Description	Total Price (USD)
<ul style="list-style-type: none"> - One (1) BRASSTRAX™ Acquisition Station - One (1) MATCHPOINT™ Analysis Station for Cartridge Cases - One (1) PAG800 Stereo Zoom Microscope for forensic applications - Five (5) year SafeGuard Extended Warranty coverage for the BRASSTRAX and MATCHPOINT equipment, for a total of six (6) years 	\$309,960

The BRASSTRAX Acquisition Station and the MATCHPOINT Analysis Station will allow the Customer to respectively collect 2D and 3D images of cartridge case evidence and analyze the correlation results. The captured images will be stored on a remote NIBIN-IBIS Data Concentrator and subsequently correlated on a remote NIBIN-IBIS Correlation Server. **As such, this proposal assumes that the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) will grant the Customer access to the National Integrated Ballistic Information Network (NIBIN), a NIBIN-IBIS Data Concentrator and a NIBIN-IBIS Correlation Server. A Memorandum of Agreement (MOA) between the two agencies must be in place.**

The BRASSTRAX Acquisition Station and MATCHPOINT Analysis Station include a total of **six-years warranty**, including an initial one (1) year warranty period followed by five (5) years of SafeGuard Extended Warranty coverage.

The PAG800 offers a high-resolution stereo-zoom microscope that can be used by the Customer to perform triage of ballistic evidence and other analysis requiring high magnification. This product includes a **one-year warranty**.

The total price includes the following services:

- On-site survey to ensure the installation site meets space, electrical, environmental and other important requirements
- On-site installation and start-up by our certified technicians
- On-site training of system users
- **Six-year warranty**, including an initial one (1) year warranty period followed by five (5) years of SafeGuard Extended Warranty coverage for the BRASSTRAX Acquisition Station and the MATCHPOINT Analysis Station
- **One-year warranty** covering parts and labor for the PAG800
- Technical hotline, 24 hours a day, 7 days a week
- Travel and living expenses for our installer and instructor
- Shipping charges DDP Customer Premises (Incoterms 2010)

The following sections provide additional details on this budgetary proposal, including system overview, conditions of sale, and warranty.
