Mesquite citizens, City staff, civic clubs and non-profit organizations participated in this successful campaign. El Rio Grande Latin Market kicked-off the 2017 campaign by making a \$1,000 donation to STL. Mr. Larson stated that Dallas Mavericks' Wesley Matthews and his foundation, Driven 2 Greatn3ss, along with its partners, Albertson's and Tom Thumb, recently donated enough peanut butter and jelly to provide 20,000 sandwiches this summer. The Dallas Mavericks donated autographed basketballs and photos as well as a Wesley Matthews autographed jersey to those making donations utilizing the #SpreadTheLoveMesquite hashtag. A brief video for the STL campaign was shown. Mr. Larson introduced Brooks Watts, President Elect of Mesquite AMBUCS.

#### **END OF CONSENT AGENDA**

**PUBLIC HEARING****20**

Conduct a public hearing and consider an ordinance for Application No. 34-46B-2016, submitted by Monte Akers on behalf of TA Operating, Inc., for a change of zoning from Commercial and Skyline Logistics Hub (SLH) Overlay to Planned Development-Commercial and SLH Overlay with a Conditional Use Permit allowing a truck stop on property located at 2614 Big Town Blvd.

(One response in favor of the application has been received from property owners within the statutory notification area. Two persons appeared in opposition to the application before the Planning and Zoning Commission. The commission recommends approval of the application with certain stipulations.)

**A public hearing was held for Application No. 34-46B-2016.**

Jeff Armstrong, Assistant Director of Planning and Development Services, stated that the applicant, TravelCenters of America (TA), plans to demolish the existing structures and construct a new truck stop facility at 2614 Big Town Boulevard, which is located in the Skyline Logistics Hub (SLH) Overlay. TA is proposing two new buildings with six truck fueling lanes, six car fueling pumps, 103 passenger vehicle parking spaces and 95 truck parking spaces. The buildings would include a 13,000-square-foot travel plaza with convenience store, restaurant, showers and laundry facilities. The second building would include a four-bay shop facility for truck maintenance. The proposed truck stop would meet all of the SLH Overlay requirements including 24-hour security with security cameras, dine-in full service menu restaurant, striped parking spaces and electrification hookups for trucks. Unmounted trailers are prohibited at this location. The facility would employ 65 people and is consistent with the Comprehensive Plan.

Monte Akers, representing TA, stated that TA began operating in 1972 and had an ownership change in 2007. Changes in marketing, trade agreements and technology have increased truck traffic on Texas highways and the federal government mandates minimum rest periods for truckers after eight hours of driving which requires facilities such as the proposed truck stop.

Kyle Raynor, Acquisitions Manager for TA, stated that after several unsuccessful attempts to sell the property, due to zoning compliance and contamination issues, TA decided to reinvest in the property with a new travel center. The proposed development plan would be a \$12-13 million investment and consists of a travel plaza, 12,000-square-foot four-bay truck service garage, TA Café restaurant, a nationally-branded gasoline station, 10 showers, laundry facility and a driver's lounge. Twenty of the 95 truck parking spaces will have electrification hookups. The construction period is estimated to be 10 to 11 months and will employ approximately 65 full-time equivalent employees. TA has hired a local contractor to address issues as needed. Mr. Raynor stated that the contamination issue involves solvents used in the repair shop in the 1970s. However, TA has been working with the Texas Commission on Environmental Quality's remediation program with expected compliance in two years. TA's community involvement includes being one of the founders of Truckers against Trafficking and hosting educational sessions.

J. D. Satterwhite, Engineer for TA, stated that the site plan and business plan for this location does not allow for a larger building.

The following persons spoke in opposition to the proposed zoning change: (1)

Thomas Hubacek, 1324 Fernwood Drive; (2) Charlie Baker, 1713 Huntington; (3) Mark Dietz, 6315 Lakehurst, Dallas and (4) Holly Fisk, 4200 Woodbluff. No others appeared regarding the proposed zoning change.

Councilmembers expressed concerns regarding the company's lack of maintenance on the property since the facility closed in 2003.

Mr. Casper moved to deny Application No. 34-46B-2016. Motion was seconded by Mr. Archer and approved unanimously.

## **EXECUTIVE SESSION - EXECUTIVE CONFERENCE ROOM - 9:00 P.M.**

After the closed meeting ended at 9:35 p.m., the City Council reconvened in Open Session.

No executive action was necessary.
