WHEREAS, the Board respectfully recommends approval of the Project Plan and Financing Plan by the City Council in order to promote development or redevelopment of the Zone.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MESQUITE, TEXAS:

SECTION 1. That the facts and recitations contained in the preamble of this ordinance are hereby found and declared to be true and correct and are incorporated and adopted as part of this ordinance for all purposes.

SECTION 5. That pursuant to Section 311.012(c) of the Act, the tax increment base of the City for the property within the Zone is the total taxable value, as of January 1, 2017, of all real property taxable by the City and located within the Zone, for the year in which the Zone was designated as a reinvestment zone (the "Tax Increment Base") or, if the City does not levy an ad valorem tax in the year in which the Zone is designated, the Tax Increment Base is determined by the appraisal district in which the Zone is located in accordance with Section 311.012(c) of the Act. Pursuant to Section 311.013(l) of the Act, the amount of the tax increment for a year on real property located within the Zone is fifty-one percent (51%) of real property taxes levied and collected by the City based on the City's ad valorem tax rate in effect on the date of establishment of the Zone, for the period set forth in Section 6 below, for that year on the Captured Appraised Value (defined below) of real property taxable by the City and located within the Zone (the "Tax Increment"). TIRZ Designation Ordinance No. 4525	39-41
-------------------------------------	-------

Introduction

Tax Increment Financing Program

Chapter 311 of the Texas Tax Code (the TIRZ Act) authorizes the governing body of a municipality to promote redevelopment of a contiguous or noncontiguous geographic area by designating it a Tax Increment Reinvestment Zone (TIRZ). The future value of private investment within a TIRZ is leveraged to finance public improvements, to enhance existing public infrastructure, and to maximize the benefits of other incentive tools. Public investment in TIRZ, using tax increment as a financing mechanism, stimulates private sector investment in areas of the City that would not otherwise attract market interest. Taxing entities, including school districts, can opt in at a participation rate of their choosing, electing to contribute 0% to 100% of their tax increment into the zone.

Key Points:

- Chapter 311 of the Texas Code controls all procedures for the creation of a TIRZ
- Base value is assessed value in year TIRZ is designated (as of January 1)
- Development over time increases assessed value
- Higher assessed value results in additional real property tax revenues

Once a TIRZ has been established, incremental real property taxes resulting from new construction, public improvements and redevelopment efforts accrue to the various taxing entities. Local taxing entities retain the right to determine the amount of the tax increment. The City enters into written Interlocal Agreements with all participating taxing entities to specify: (1) the conditions for payment of tax increment into a tax increment fund, (2) the portion of tax increment to be paid by each entity into the tax increment fund, and (3) the term of the Interlocal Agreement.

The amount of a taxing unit's tax increment for a year is the amount of property taxes levied and collected by the unit for that year on the "captured" appraised value of real property taxable by the unit and located in the TIRZ. Captured appraised value is the total appraised value of all real property taxable by the unit and located in a TIRZ for that year less the total appraised value of taxable real property in the base year (the year in which zone was designated by ordinance).

Board of Director Responsibilities

The TIRZ Board prepares and adopts a project plan and a reinvestment zone financing plan and submits the plans to the City Council that designated the zone. Once a TIRZ project and financing plan has been approved by the City Council, the Board monitors the ongoing performance of the TIRZ by reviewing the construction status of proposed public improvements and amenities, reviewing the status of the tax increment fund, approving amendments to the project and financing plan, and recommending certain actions by City Council related to the TIRZ. The TIRZ Board must comply with the Texas Open Meetings Act as well as with all subsequent City Code provisions for City Boards and Commissions, to the extent that there is no conflict with the TIRZ Act.

Polo Ridge TIRZ No. 10

Actions Taken to Date

In 2007, the City entered into an agreement with Forney Acquisitions, LP to develop 822.1 acres located in the City's ETJ at the intersection of FM 2757 and Kelly Road as a high quality residential development along the IH-20 Corridor. After the recession, In 2017, the new owner, BDMR Development, LLC, approached the City and proposed terms for a new agreement, and on October 16, 2017, the City Council authorized the City Manager to negotiate a new development agreement with the requirement that the developer request voluntary annexation into the City Limits.

On November 6, 2017, the Developer filed a petition for the creation of the Polo Ridge PID. The City Council passed Resolution No. 57-2017 calling for a public hearing to consider the creation of the Polo Ridge PID and Resolution No. 58-2017 calling for a public hearing to create the Polo Ridge TIRZ and directed City staff to prepare a Preliminary Reinvestment Zone Financing Plan.

On December 4, 2017, the City Council directed the City Manager to finalize and execute a development agreement with BDMR Development, LLC, and the Polo Ridge Fresh Water Supply District. Under the new concept plan the development would consist of 1,012 single-family residential lots of varying sizes, from 1-acre to lots ranging from 125-foot wide to 60-foot wide. The City Council also passed Resolution No. 76-2017 creating the Polo Ridge PID and authorized up to \$30 million in special assessment revenue bonds to finance a portion of the development.

On December 4, 2017, after holding a public hearing, the City Council passed Ordinance No. 4525 creating Reinvestment Zone Number Ten for a duration of 31 years, expiring on December 31, 2048, if not sooner terminated, and the tax increment for the TIRZ was set at fifty-one percent (51%) of the total value of the ad valorem tax collected on all real property within the TIRZ. The TIRZ revenues would be used to reduce a portion of the assessments to the property owners.

On February 15, 2018, the Developer filed a petition to dissolve the Polo Ridge PID and filed a petition to create the Polo Ridge PID No. 2 that would authorize up to \$35 million in bond financing. On March 5, 2018, the City Council approved the Polo Ridge Development Agreement, which became effective on April 12, 2018.

On April 16, 2018, the City Council passed Resolution No. 24-2018, creating the Polo Ridge Public Improvement District No. 2 to finance the cost of certain authorized public improvements that confer a special benefit to property located within the PID as authorized by State law.

The City will levy assessments based on lot type in an amount sufficient to pay debt service on the bonds and the TIRZ will provide up to 51 percent of the City's ad valorem tax increment based on a tax rate of \$0.687 per \$100 valuation for a period of up to 31 years or until the amount of TIRZ revenues placed in the TIRZ account totals \$29,740,198, whichever comes first.

Under terms of the Development Agreement, the Polo Ridge Fresh Water Supply District will dissolve and the City will provide retail water and sewer service to the development. The City will annex the property after the first series of PID bonds are issued.

Board Recommendation

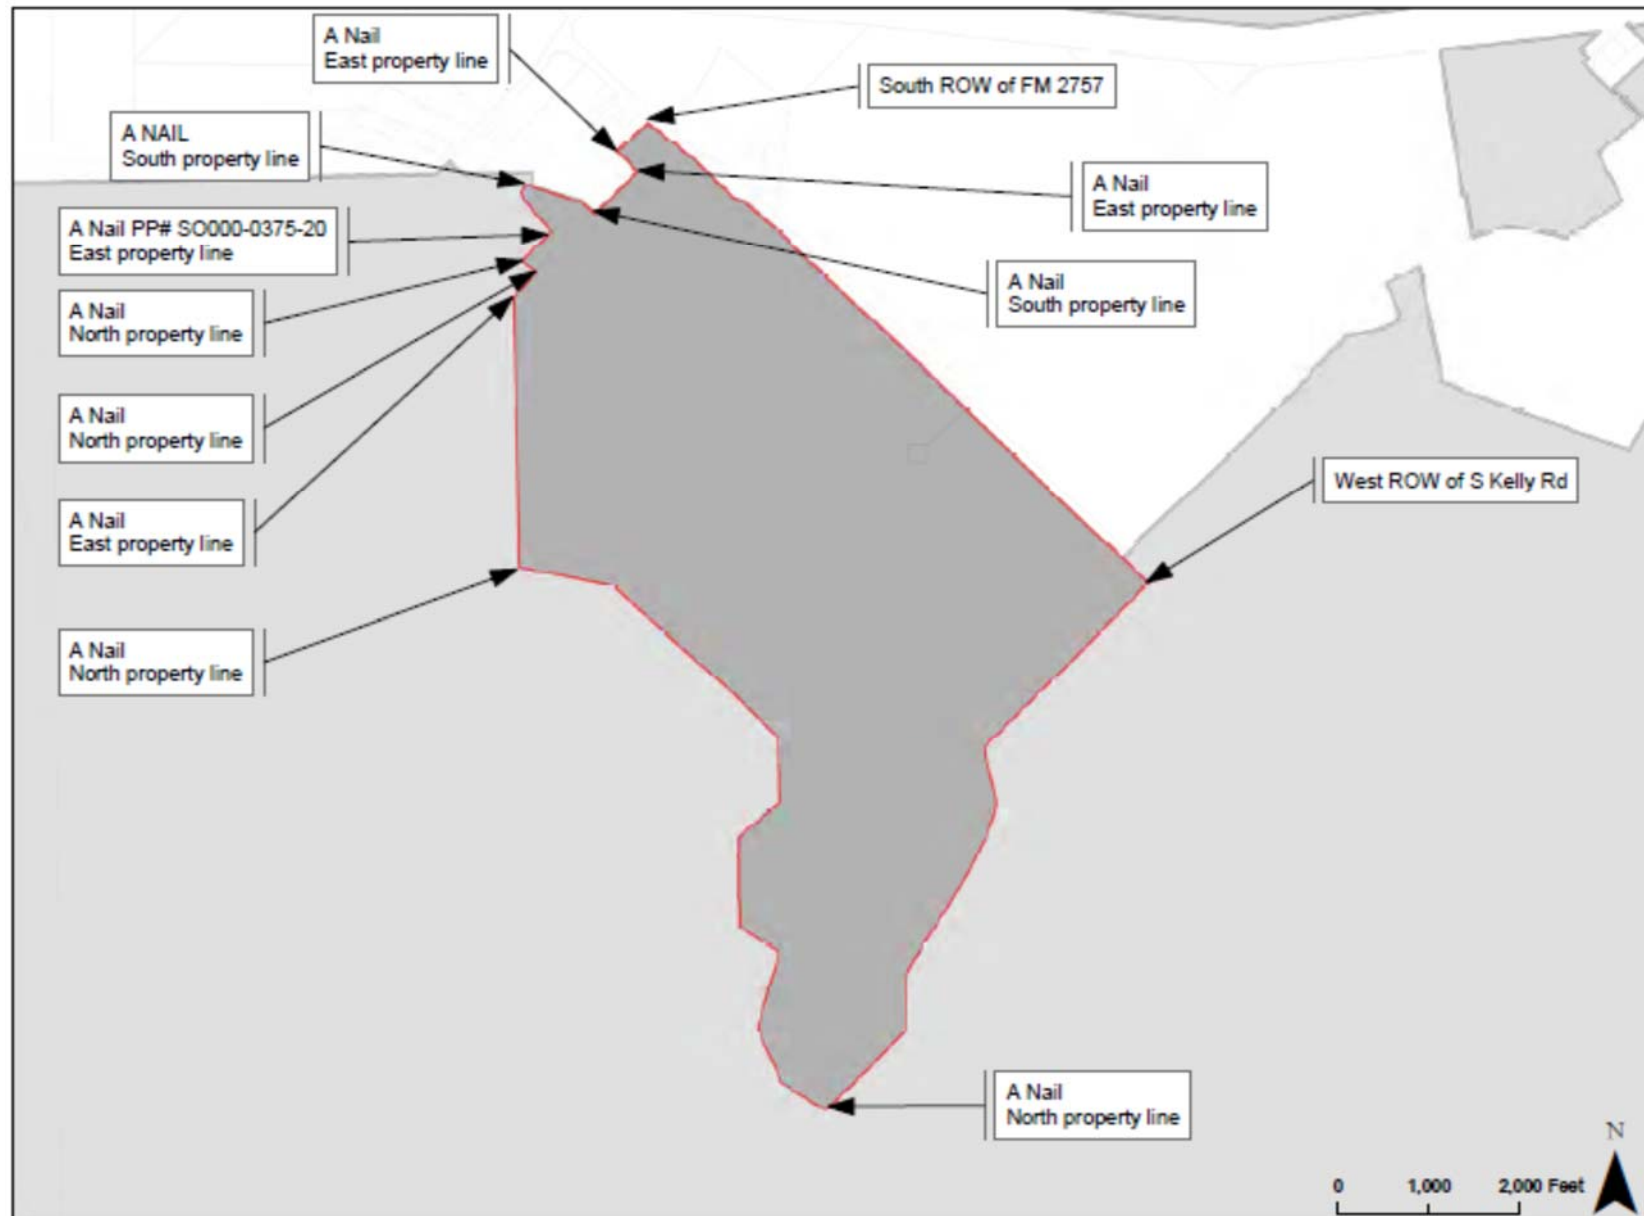

The Board has prepared and adopted, and recommends to the City Council this ***Reinvestment Zone Project and Financing Plan for Reinvestment Zone Number Ten, City of Mesquite, Texas (Polo Ridge)*** for approval, including a TIRZ Agreement with the City pursuant to which the City will contribute a portion of its ad valorem tax increment into a tax increment fund to pay the costs of public works, public improvements, programs, and other projects benefiting the Zone through payment of public improvement district special assessment revenue bonds (including interest and other financing costs of such bonds) issued by the City to finance those costs.

The Board finds that the Zone is feasible, and that TIRZ Project and Financing Plan is in the best interest of the City of Mesquite.

Current Land Use

Existing Uses and Conditions

The Property is currently located in Kaufman County and wholly within the City's ETJ. The Property is undeveloped, and there is no public infrastructure to support development. Development will require extensive public infrastructure that: (1) the City cannot provide; and (2) will not be provided solely through private investment in the foreseeable future. If the Property were to be developed today, it would be developed consistent with the terms of the Development Agreement. Maps of current land use and zoning are shown on the next two pages.

Current Property Ownership

There are four parcels within the TIRZ and details of the parcels are shown below.

The current taxable value of real property in the Zone is \$211,390. It is estimated that upon expiration of the term of the Zone, the total appraised value of taxable real property in the Zone will be more than \$366 million.

Proposed Land Use

Proposed Uses

Currently, the property is zoned Agricultural and is vacant. Upon annexation, the 822.1-acre tract will be zoned Single-family Residential consistent with the Development Standards, Concept Plan, and applicable provisions outlined in the Development Agreement. The 1,012 lot residential development is expected to develop in six phases over the next 14 years.

Phase #1 consists of approximately 172.1 acres and is projected to include 201 single-family residential units. Future Phases #2—6 will consist of approximately 650 acres and is projected to include 811 residential units. The anticipated taxable value of homes located on 1-acre lots is \$475,000, and for the 125-foot width lots is \$447,000. Anticipated value of 100-foot lots is \$437,000, \$370,000 for 80-foot lots and \$285,000 for 60-foot lots. An illustration of a typical residential unit is depicted to the right.

The Property meets the eligibility requirements of the PID Act. The Property is undeveloped, and due to its size, location, and physical characteristics, development will not occur solely through private investment in the foreseeable future. The Property substantially impairs and arrests the sound growth of the City because it is predominately open, unproductive and undeveloped due to factors such as the lack of public infrastructure and other facilities and the need for economic incentives to attract development to the Zone for the purpose of providing long-term economic benefits including, but not limited to, increased real property tax base for all taxing units in the Zone. With the creation of the Zone and if the public works, public improvements, programs, and other projects are financed as contemplated by this Plan, the Developer envisions that the Property will be developed to take full advantage of the opportunity to bring to the City a master-planned development.

Proposed Changes to Ordinances, Codes, and Regulations

The Property is currently located in the ETJ of the City and is not subject to the City's zoning regulation, however the Development Agreement requires the Developer to file for voluntary annexation.

Financial Feasibility

Economic Feasibility Study

In January 2018, a taxable value analysis was developed by David Pettit Economic Development, LLC, as part of the preliminary project and financing plan to determine the economic feasibility of the project. The study examined the expected tax revenue the TIRZ would receive based on development assumptions. The Tables on Pages 32 and 33 summarize the anticipated development square footages, the anticipated taxable value per unit for residential development, and the anticipated taxable value per square foot for mixed use development.

The following pages also show the estimated captured appraised value of the Zone during each year of its existence and the net benefits of the Zone to each of the local taxing jurisdictions as well as the method of financing.

Based on the foregoing analysis, the feasibility of the Zone has been demonstrated.

To fund the improvements outlined in the Project Plan, the City will contribute 51 percent of its real property tax increment to reduce or offset the assessments to property owners.

Method of Financing

The City anticipates issuing special assessment revenue bonds secured by PID assessments to finance all or a portion of Project Costs, with any remaining costs of public improvements paid by the Developer.

In accordance with the Development Agreement, this TIRZ Project and Finance Plan, and the PID Service and Assessment Plan, TIRZ revenues will be collected annually at 51 percent of the ad valorem tax increment for a period of up to 31 years or until the amount of TIRZ revenue related to the PID and placed in the City's TIRZ Fund totals \$29,740,198, whichever occurs first.

Debt Service

It is not anticipated that the TIRZ will incur any bonded indebtedness.

Method of Financing

To fund the improvements outlined on the previous pages, it is anticipated that the City of Mesquite will contribute 51% of its real property increment.

That the Zone shall take effect immediately upon the passage of this Ordinance, consistent with Section 311.004(a)(3) of the Act, and termination of the Zone shall occur upon the earlier of any of the following: (i) on December 31, 2048; or (ii) an earlier or later termination date designated by an ordinance adopted under Section 311.007(c) of the Act; or (iii) the date on which all project costs, tax increment bonds and interest on those bonds, and other obligations of the Zone have been paid in full, in accordance with Section 311.017 of the Act.

The Tax Increment Fund and any subaccounts shall be maintained at the affiliated depository bank of the City and shall be secured in the manner prescribed by law for funds of Texas cities. In addition, all revenues to be dedicated to and used in the Zone shall be deposited into the Tax Increment Fund from which money will be disbursed to pay project costs, plus interest, for the Zone. Surplus funds in the Tax Increment Fund shall be disbursed as authorized and provided in the Act.
