# 2018 City of Mesquite Community Survey Executive Summary

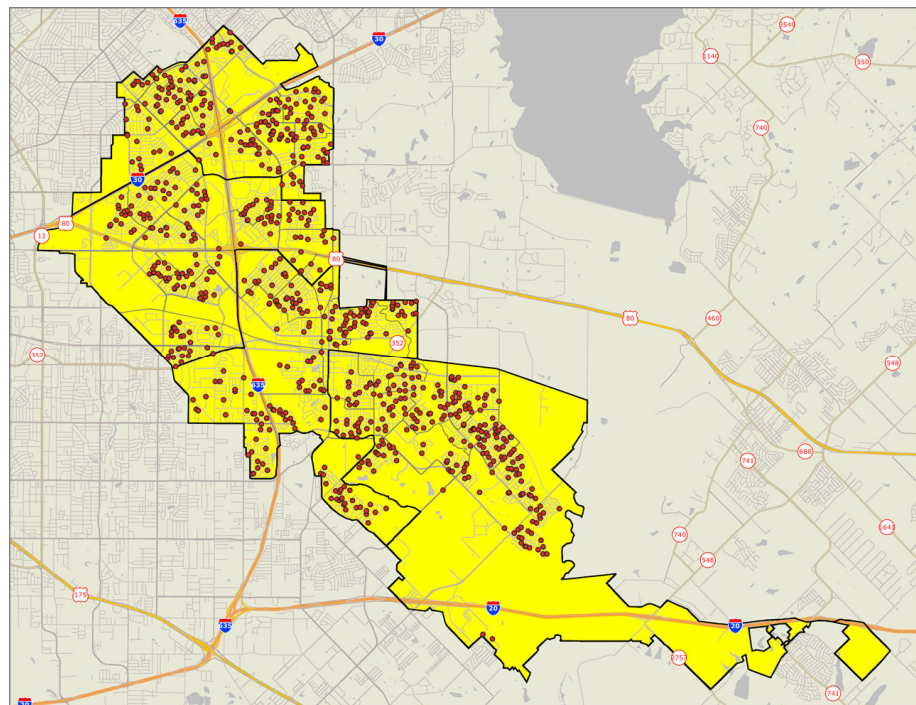

## Purpose and Methodology

ETC Institute administered a survey to residents of the City of Mesquite during the fall of 2018. The purpose of the survey was to help the City of Mesquite gather citizen input and feedback on City programs and services. The survey results will be used to improve City services and to help identify and address challenges facing the community. This is the second community survey administered for the City of Mesquite, the first was administered in 2017.

The seven-page survey, cover letter and postage paid return envelope were mailed to a random sample of households in the City of Mesquite. The cover letter explained the purpose of the survey and encouraged residents to either return their survey by mail or complete the survey online. At the end of the online survey, residents were asked to enter their home address, this was done to ensure that only responses from residents who were part of the random sample were included in the final survey database. Approximately ten days after the surveys were mailed, residents who received the survey were contacted by phone or e-mail.

The goal was to obtain completed surveys from at least 850 residents. A total of 866 residents completed the survey. The overall results for the sample of 866 households have a precision of at least  $\pm 3.3\%$  at the 95% level of confidence.

To better understand how well services are being delivered by the City, ETC Institute geocoded the home address of respondents to the survey. The map to the right shows the physical distribution of respondents to the survey based on the location of their home.

The percentage of “don’t know” responses has been excluded from many of the graphs shown in this report to facilitate valid comparisons of the results from Mesquite with the results from other communities in ETC Institute’s *DirectionFinder*® database.

Since the number of “don’t know” responses often reflects the utilization and awareness of city services, the percentage of “don’t know” responses has been provided in the tabular data section of this report. When the “don’t know” responses have been excluded, the text of this report will indicate that the responses have been excluded with the phrase “*who had an opinion.*”

This report contains:

- An executive summary of the methodology for administering the survey and major findings,
- charts showing the overall results for most questions on the survey and trend data from the 2017 community survey,
- importance-satisfaction analysis; this analysis was done to determine priority actions for the City to address based upon the survey results,
- benchmarking data that shows how the results for Mesquite compare to other communities,
- tables that show the results of the random sample for each question on the survey,
- a copy of the survey instrument.

## Overall Perceptions of the City

Fifty-seven percent (57%) of the residents surveyed, *who had an opinion*, indicated they were “very satisfied” or “satisfied” with the overall quality of life in the city, 51% of those surveyed, *who had an opinion*, indicated they were “very satisfied” or “satisfied” with the overall feeling of safety in the community. When asked to rate the quality of life in Mesquite 64% indicated Mesquite is either an “excellent” or “good” place to live, and 57% indicated Mesquite is an “excellent” or “good” place to raise children.

## Overall Satisfaction with City Services

The major categories of City services that had the highest levels of satisfaction, based upon the combined percentage of “very satisfied” and “satisfied” responses among residents *who had an opinion*, were: the overall quality of police, fire, and ambulance services (78%), the overall quality of trash and yard waste services (76%), the overall quality of City libraries (71%), and the quality of parks and recreation programs and facilities (70%). The maintenance of City streets and sidewalks (62%) and the quality of police, fire, and ambulance services were the two most important City services based on the sum of respondents’ top three choices.

## Feelings of Safety

Seventy-five percent (75%) of respondents, *who had an opinion*, indicated they feel “very safe” or “safe” in business areas of the City during the day. Seventy-one percent (71%) of residents, *who had an opinion*, indicated they feel “very safe” or “safe” when walking alone in their neighborhood during the day, and 60% feel safe walking alone in their neighborhood in general. Most respondents (51%) indicated they think Mesquite has stayed the same as a safe place to live, work and raise a family, 35% indicated it is less safe, 8% more safe, and 6% did not know.

## Satisfaction with Specific City Services

- **Public Safety.** The highest levels of satisfaction with public safety services, based upon the combined percentage of “very satisfied” and “satisfied” responses among residents *who had an opinion*, were: the quality of local fire protection (82%), how quickly firefighters respond to emergencies (81%), and the quality of local ambulance service (77%). The aspect of public safety services that respondents were least satisfied with is the visibility of police in neighborhoods (46%).
- **Code Enforcement.** The highest levels of satisfaction with City code enforcement, based upon the combined percentage of “very satisfied” and “satisfied” responses among residents *who had an opinion*, were: enforcement of graffiti (52%), the cleanliness of neighborhoods (52%), and the enforcement of sign regulations (51%). Affordability
- **Residential and Neighborhood Services.** The highest levels of satisfaction with residential and neighborhood services, based upon the combined percentage of “very satisfied” and “satisfied” responses among residents *who had an opinion*, were: the quality and condition of neighborhoods (49%) and the quality of community policing efforts (42%). Forty-three percent (43%) of respondents indicated the appearance of their neighborhood has stayed the same over the past three years, 14% indicated it has improved, 34% indicated it has worsened, and 9% indicated they did not know.
- **Utility and Solid Waste Services.** The highest levels of satisfaction with City utility and solid waste services, based upon the combined percentage of “very satisfied” and “satisfied” responses among residents *who had an opinion*, were: the quality of residential garbage collections (84%) the quality of yard waste and brush collection (83%), and bulky item pickup and removal services (82%).
- **City Maintenance.** The highest levels of satisfaction with City maintenance services, based upon the combined percentage of “very satisfied” and “satisfied” responses among residents *who had an opinion*, were: timing of traffic signals on City streets (59%), the appearance/condition of City medians, rights-of-ways, and public areas (56%), and the visibility of pavement markings and street signs (56%).
- **Parks and Recreation.** The highest levels of satisfaction with parks and recreation services, based upon the combined percentage of “very satisfied” and “satisfied” responses among residents *who had an opinion*, were: the maintenance of City parks (75%) the appearance of park facilities (71%), and the number of City parks (71%).
- **Library Services.** The highest levels of satisfaction with library services, based upon the combined percentage of “very satisfied” and “satisfied” responses among residents *who had an opinion*, were: the quality of library staff customer service (78%) the amount of quiet space at libraries (76%), and quality of and condition of library facilities (75%).
- **City Communication.** The highest levels of satisfaction with City Communication, based upon the combined percentage of “very satisfied” and “satisfied” responses among residents *who had an opinion*, were: the usefulness of information available on the City’s

website (55%), the availability of public safety messages (50%), and the quality of social media outlets (49%).

## Additional Findings

- Overall, respondents were satisfied with each of the four customer service related items listed on the survey. Seventy-seven percent (77%) of respondents indicated they have contacted the City in the past 12 months, most (58%) of respondents indicated they contacted the City by phone.
- Forty-two percent (42%) of respondents indicated they have had contact with (33%) or know an officer (9%) during the past 12 months. Of those respondents who have had contact with or know an officer 42% rated their experience “excellent,” 31% gave a “good” rating, 16% “fair,” 6% “below average,” and 6% rated their experience as “poor.” Fifty-four percent of respondents indicated they have not had contact with a mesquite police officer in the past 12 months.
- Fifty-six percent (56%) of respondents were either “very satisfied” or “satisfied” with the overall quality of care provided at the Mesquite Animal Shelter and Adoption Center.
- Forty-four percent (44%) of respondents indicated water/sewer costs are too high for the quality of services that they receive.
- Thirty-four percent (34%) of respondents indicated that their recycling bin is too small, and it prevents them from recycling more.
- In the past 12 months, 7% have visited City parks daily, 19% weekly, 24% monthly, 18% once or twice a year, and 22% seldom.
- Seventy percent (70%) of respondents indicated they currently use the City of Mesquite website to obtain or receive information about the City, 54% use the Mainstream newsletter, these are also the most preferred information sources.
- Forty-seven percent (47%) of respondents indicated they are satisfied with the quality and affordability of housing in Mesquite.
- Forty-five percent (45%) of respondents indicated they think the City of Mesquite is continually improving as a place to live.

## How the City of Mesquite Compares to Other Communities Nationally

Satisfaction ratings for The City of Mesquite **rated the same as or above the U.S. average in 26 of the 71 areas** that were assessed. The City of Mesquite rated significantly higher than the U.S. average (difference of 4% or more) in 19 of these areas. Listed below are the areas where Mesquite rated significantly higher than the U.S. average:

Service	Mesquite	US	Difference	Category
Bulky item pickup/removal services	82%	53%	29%	Utilities and Solid Waste Services

## Investment Priorities

**Recommended Priorities for the Next Two Years.** In order to help the City identify investment priorities for the next two years, ETC Institute conducted an Importance-Satisfaction (I-S) analysis. This analysis examined the importance residents placed on each City service and the level of satisfaction with each service. By identifying services of high importance and low satisfaction, the analysis identified which services will have the most impact on overall satisfaction with City services over the next two years. If the City wants to improve its overall satisfaction rating, the City should prioritize investments in services with the highest Importance Satisfaction (I-S) ratings. Details regarding the methodology for the analysis are provided in Section 2 of this report.

**Overall Priorities for the City by Major Category.** This analysis reviewed the importance of and satisfaction with major categories of City services. This analysis was conducted to help set the overall priorities for the City. Based on the results of this analysis, the major services that are recommended as the top priorities for investment over the next two years in order to raise the City's overall satisfaction rating are listed below:

- Maintenance of City streets & sidewalks (IS Rating=0.4277)
- Enforcement of City codes and ordinances (IS Rating=0.1792)
- Quality of police, fire, and ambulance service (IS Rating=0.1235)
- Flow of traffic on City streets (IS Rating=0.1010)

The table below shows the importance-satisfaction rating for all 10 major categories of City services that were rated.

2018 Importance-Satisfaction Rating Mesquite, Texas Major Categories of City Services						
Category of Service	Most Important %	Most Important Rank	Satisfaction %	Satisfaction Rank	Importance-Satisfaction Rating	I-S Rating Rank
<b>Very High Priority (IS &gt;.20)</b>						
Maintenance of City streets & sidewalks	62%	1	31%	10	0.4277	1
<b>High Priority (IS .10-.20)</b>						
Enforcement of City codes & ordinances	32%	3	43%	9	0.1792	2
Quality of police, fire, & ambulance services	58%	2	79%	1	0.1235	3
Flow of traffic on City streets	20%	5	50%	8	0.1010	4
<b>Medium Priority (IS &lt;.10)</b>						
Quality of water & sewer services	26%	4	69%	5	0.0818	5
Effectiveness of City communication with the public	15%	8	52%	7	0.0705	6
Quality of parks & recreation programs & facilities	18%	6	70%	4	0.0541	7
Quality of trash & yard waste services	18%	7	76%	2	0.0439	8
Quality of customer service you receive	8%	9	65%	6	0.0282	9
Quality of City libraries	5%	10	71%	3	0.0133	10

ETC Institute also reviewed the importance of and satisfaction with specific categories of City services. This analysis was conducted to help departmental managers set priorities for their departments. Based on the results of this analysis, the services that are recommended as the top priorities within each department over the next two years are listed below.

- **Public Safety:** the visibility of police in neighborhoods, the City's efforts to prevent crime, how quickly police officers respond to emergencies, and the quality of police protections.
- **Code Enforcement:** the enforcement of junk and trash cleanup on private property, the overall aesthetics of the City, the exterior maintenance and upkeep of residential property, the cleanliness of your neighborhood, the responsiveness of City code enforcement staff, and the efforts to remove abandoned or inoperative vehicles.
- **Maintenance:** the condition of major City streets, condition of neighborhood streets, condition of sidewalks in neighborhoods, adequacy of City street lighting, the overall cleanliness of streets and alleyways, and the traffic flow on major City streets.
- **Parks and Recreation:** the maintenance of City parks, the quality of recreation programs for youth, and the quality of walking and biking paths.
- **Communication:** City efforts to keep residents informed, the availability of public safety messages, level of public involvement in City decision making, and the availability of information about government options.

# Importance-Satisfaction Analysis

## City of Mesquite, Texas

### Overview

Today, City officials have limited resources which need to be targeted to activities that are of the most benefit to their citizens. Two of the most important criteria for decision making are (1) to target resources toward services of the highest importance to citizens; and (2) to target resources toward those services where citizens are the least satisfied.

The Importance-Satisfaction (IS) rating is a unique tool that allows public officials to better understand both of these highly important decision-making criteria for each of the services they are providing. The Importance-Satisfaction rating is based on the concept that public agencies will maximize overall customer satisfaction by emphasizing improvements in those areas where the level of satisfaction is relatively low, and the perceived importance of the service is relatively high.

### Methodology

The rating is calculated by summing the percentage of responses for items selected as the first, second, and third most important services for the City to provide. The sum is then multiplied by 1 minus the percentage of respondents who indicated they were positively satisfied with the City's performance in the related area (the sum of the ratings of 4 and 5 on a 5-point scale excluding "Don't Know" responses). "Don't Know" responses are excluded from the calculation to ensure the satisfaction ratings among service categories are comparable.  $[IS = \text{Importance} \times (1 - \text{Satisfaction})]$ .

**Example of the Calculation:** Respondents were asked to identify the major categories of city services they think are most important for the City to provide. Sixty-two percent (62%) of respondents selected *maintenance of City streets and sidewalks*, as one of the most important services for the City to provide.

With regard to satisfaction, 31% of respondents surveyed rated the City's overall performance in the *maintenance of City streets and sidewalks*, as a "4" or "5" on a 5-point scale (where "5" means "Very Satisfied") excluding "Don't Know" responses. The I-S rating for *maintenance of City streets and sidewalks*, was calculated by multiplying the sum of the most important percentages by 1 minus the sum of the satisfaction percentages. In this example 62% was multiplied by 69% (1-0.69). This calculation yielded an I-S rating of 0.4277 which ranked first out of 10 major service categories.

The maximum rating is 1.00 and would be achieved when 100% of the respondents select an item as one of their top three choices to emphasize over the next two years and 0% indicate they are positively satisfied with the delivery of the service.

The lowest rating is 0.00 and could be achieved under either of the following two situations:

- If 100% of the respondents were positively satisfied with the delivery of the service
- If none (0%) of the respondents selected the service as one for the three most important areas for the City to emphasize over the next two years.

## Interpreting the Ratings

Ratings that are greater than or equal to 0.20 identify areas that should receive significantly more emphasis over the next two years. Ratings from 0.10 to 0.20 identify service areas that should receive increased emphasis. Ratings less than 0.10 should continue to receive the current level of emphasis.

- *Definitely Increase Emphasis* ( $IS \geq 0.20$ )
- *Increase Current Emphasis* ( $0.10 \leq IS < 0.20$ )
- *Maintain Current Emphasis* ( $IS < 0.10$ )

The results for the City of Mesquite are provided on the following pages.

## 2018 Importance-Satisfaction Rating

### Mesquite, Texas

### Major Categories of City Services

Category of Service	Most Important %	Most Important Rank	Satisfaction %	Satisfaction Rank	Importance-Satisfaction Rating	I-S Rating Rank
<b>Very High Priority (IS &gt;.20)</b>						
Maintenance of City streets & sidewalks	62%	1	31%	10	0.4277	1
<b>High Priority (IS .10-.20)</b>						
Enforcement of City codes & ordinances	32%	3	43%	9	0.1792	2
Quality of police, fire, & ambulance services	58%	2	79%	1	0.1235	3
Flow of traffic on City streets	20%	5	50%	8	0.1010	4
<b>Medium Priority (IS &lt;.10)</b>						
Quality of water & sewer services	26%	4	69%	5	0.0818	5
Effectiveness of City communication with the public	15%	8	52%	7	0.0705	6
Quality of parks & recreation programs & facilities	18%	6	70%	4	0.0541	7
Quality of trash & yard waste services	18%	7	76%	2	0.0439	8
Quality of customer service you receive	8%	9	65%	6	0.0282	9
Quality of City libraries	5%	10	71%	3	0.0133	10

**Note:** The I-S Rating is calculated by multiplying the "Most Important" % by (1-'Satisfaction' %)

**Most Important %:**

The "Most Important" percentage represents the sum of the first, second, and third most important responses for each item. Respondents were asked to identify the items they thought should be the City's top priorities.

**Satisfaction %:**

The "Satisfaction" percentage represents the sum of the ratings "5" and "4" excluding 'don't knows.' Respondents ranked their level of satisfaction with each of the items on a scale of 5 to 1 with "5" being Very Satisfied and "1" being Very Dissatisfied.

## Importance-Satisfaction Matrix Analysis

The Importance-Satisfaction rating is based on the concept that public agencies will maximize overall customer satisfaction by emphasizing improvements in those areas where the level of satisfaction is relatively low, and the perceived importance of the service is relatively high. ETC Institute developed an Importance-Satisfaction Matrix to display the perceived importance of major services that were assessed on the survey against the perceived quality of service delivery. The two axes on the matrix represent Satisfaction (vertical) and relative Importance (horizontal).

The I-S (Importance-Satisfaction) matrix should be interpreted as follows.

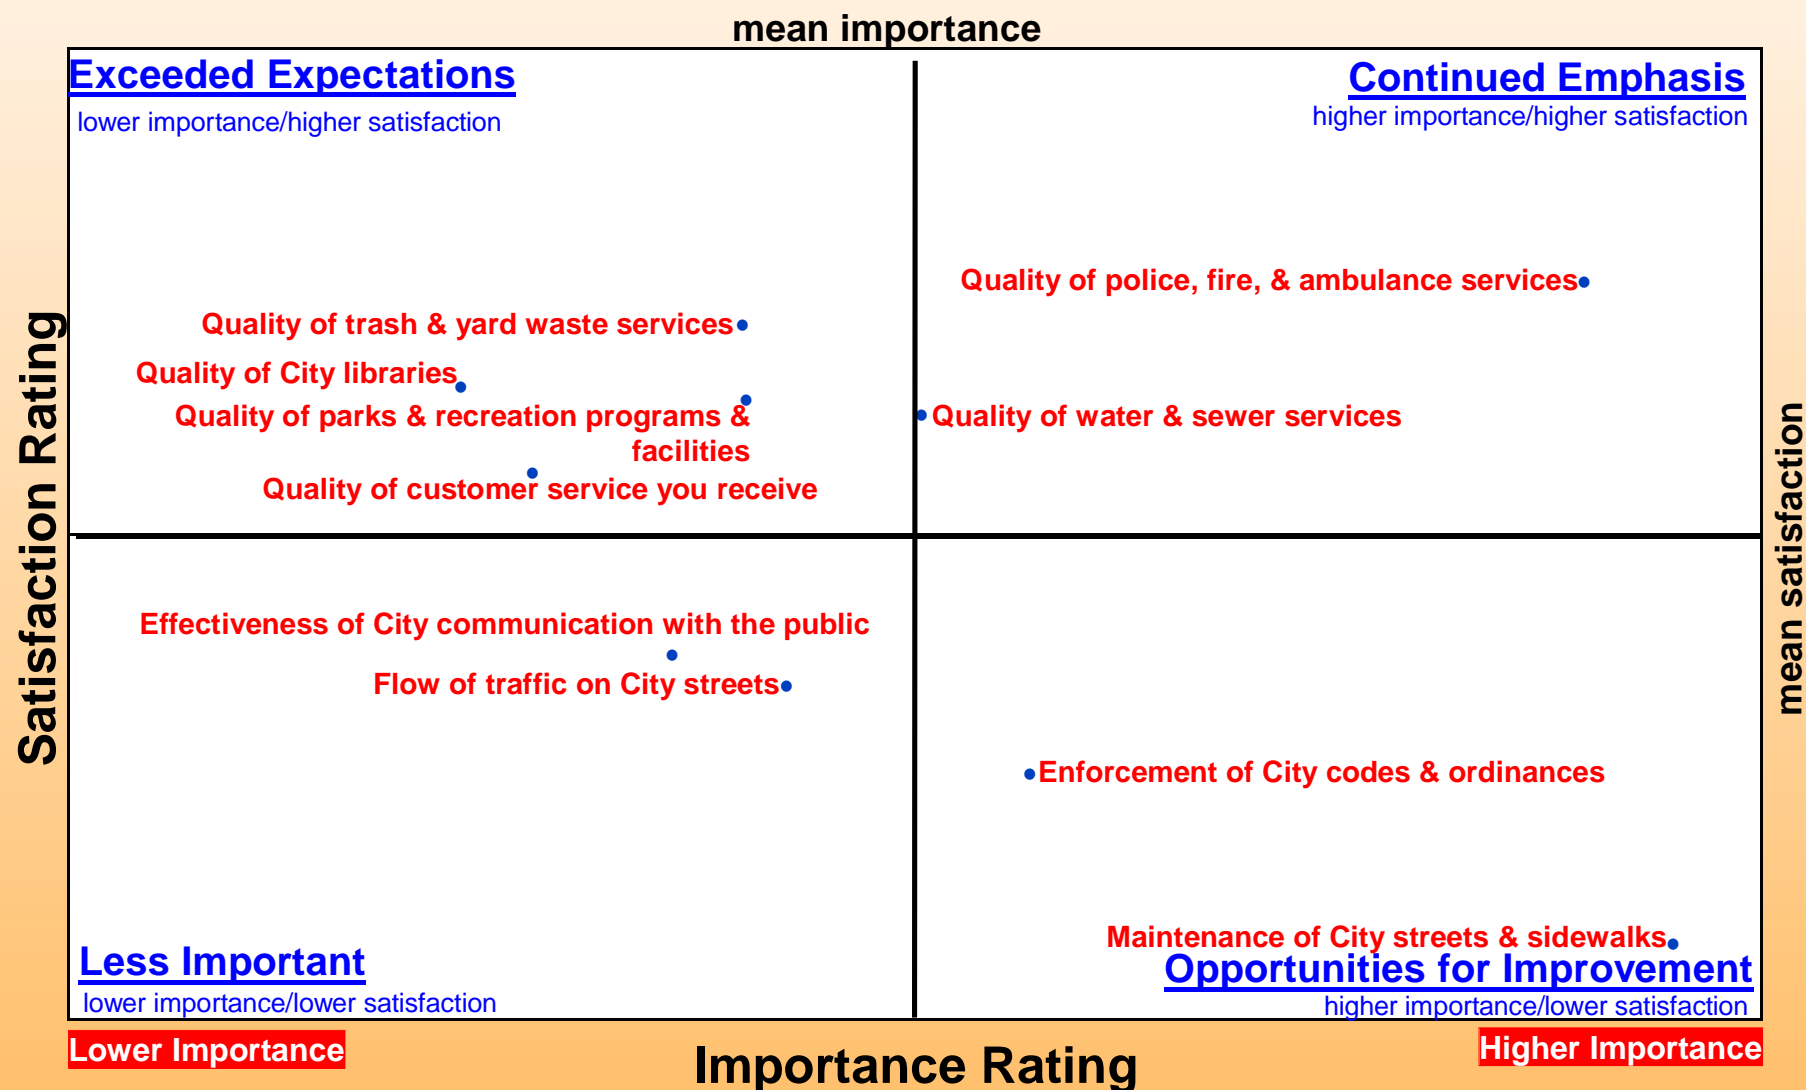

- **Continued Emphasis (above average importance and above average satisfaction).** This area shows where the City is meeting customer expectations. Items in this area have a significant impact on the customer's overall level of satisfaction. The City should maintain (or slightly increase) emphasis on items in this area.
- **Exceeding Expectations (below average importance and above average satisfaction).** This area shows where the City is performing significantly better than customers expect the City to perform. Items in this area do not significantly affect the overall level of satisfaction that residents have with City services. The City should maintain (or slightly decrease) emphasis on items in this area.
- **Opportunities for Improvement (above average importance and below average satisfaction).** This area shows where the City is not performing as well as residents expect the City to perform. This area has a significant impact on customer satisfaction, and the City should DEFINITELY increase emphasis on items in this area.
- **Less Important (below average importance and below average satisfaction).** This area shows where the City is not performing well relative to the City's performance in other areas; however, this area is generally considered to be less important to residents. This area does not significantly affect overall satisfaction with City services because the items are less important to residents. The agency should maintain current levels of emphasis on items in this area.

## City of Mesquite, Texas

### Overview

ETC Institute's *DirectionFinder* program was originally developed in 1999 to help community leaders across the United States use statistically valid community survey data as a tool for making better decisions. Since November of 1999, the survey has been administered in more than 300 cities in 49 states. Most participating cities conduct the survey on an annual or biennial basis.

This report contains benchmarking data from two sources: (1) a national survey that was administered by ETC Institute during the summer of 2018 to a random sample of more than 4,000 residents across the United States and (2) a regional survey administered to a random sample of more than 300 residents in the State of Texas during the summer of 2018.

### Interpreting the Charts

The charts on the following pages show how the overall results for Mesquite compare to the U.S. national and regional averages based on the results of the 2016 survey that was administered by ETC Institute. The City of Mesquite's results are shown in blue, the Texas averages are shown in red, and the National averages are shown in yellow in the charts on the following pages.

### ***Survey Instrument***

---

August 2018

Dear Mesquite Resident:

You have been selected to participate in a community survey designed to gather citizen input and feedback on City programs and services. We will use the information you provide to improve City services and to help us identify and address challenges facing our community. To ensure that the City's priorities are aligned with the needs of our residents, we want to hear from YOU.

We greatly appreciate you taking time out of your busy schedule to complete this survey. For added convenience, the enclosed survey includes a postage-paid envelope to ETC Institute, the survey research firm conducting the survey. If you prefer to complete the survey online, please visit [www.mesquitesurvey.org](http://www.mesquitesurvey.org).

**Please return your survey or complete it online sometime during the next week.** Your responses will remain confidential.

If you should have any questions or require additional information, please feel free to contact Wayne Larson, Director of Communications and Marketing, at 972.329.8319, or email him at [wlarson@cityofmesquite.com](mailto:wlarson@cityofmesquite.com).

Thank you for your support and input to help us continue to provide our residents Real.Texas.Service.

Sincerely,

A handwritten signature in black ink that reads "Stan H. Pickett". The signature is written in a cursive style with a large, stylized "S" and "P".

Stan Pickett  
Mayor

Agosto de 2018

Apreciado(a) residente de Mesquite:

Ha sido seleccionado(a) para participar en una encuesta comunitaria diseñada para reunir la opinión y los comentarios de los ciudadanos acerca de los programas y servicios de la Ciudad. Utilizaremos su información para mejorar los servicios de la Ciudad y para ayudarnos a identificar y atender los restos que enfrenta nuestra comunidad. Para asegurar que las prioridades de la Ciudad concuerden con las necesidades de nuestros residentes, queremos obtener SUS comentarios.

Apreciamos en gran medida que dedique parte de su tiempo para completar esta encuesta. Para su comodidad, con la encuesta adjunta se incluye un sobre franqueado dirigido a ETC Institute, la empresa de investigación que está realizando la encuesta. Si prefiere completar la encuesta en línea, por favor visite [www.mesquitesurvey.org](http://www.mesquitesurvey.org).

**Devuelva la encuesta o llénela en línea en algún momento durante la próxima semana.** Sus respuestas tendrán carácter confidencial.

Si tiene alguna pregunta o requiere información adicional, sírvase llamar a Wayne Larson, Director de Comunicaciones y Mercadeo, al 972.329.8319, o escríbale a [wlarson@cityofmesquite.com](mailto:wlarson@cityofmesquite.com).

Gracias por su apoyo y por sus comentarios para ayudarnos a seguir brindando a nuestros residentes un verdadero *Real. Texas.Service*.

Atentamente.

A handwritten signature in black ink that reads "Stan H. Pickett". The signature is written in a cursive, flowing style.

Stan Pickett  
Alcalde
