RE: Abandonment of certain portions of Utility Easements associated with the  
Larry Smith Elementary School Addition

Mr. Cassidy:

As the authorized representative for the Dallas Independent School District (DISD), let this letter serve as our request to abandon a portion of certain utility easements as recorded on the Larry Smith Elementary School Addition plat. The utility easements were dedicated in conjunction with the plat which is recorded in the Dallas County Deed Records as Instrument No. 20070268806. The DISD is in the process of amending the before mentioned plat and the easements in question will be relocated in conjunction with the amended plat. The proposed amending plat will also abandon a portion of an Atmos easement. I have attached the release from Atmos and the location of the easement within the plat.

In conjunction with this proposed abandonment I have attached a copy of the recorded plat, a legal description and drawing of the easement to be abandoned, a copy of the proposed amending plat (which has been applied for), and a copy of the legal description and drawing for the replacement/new utility easement. Please let me know if you need any additional information.

A handwritten signature in blue ink, appearing to read 'Karl A. Crawley'.
