Dear Cliff Keheley:

Congratulations go to the City of Mesquite. The Mesquite Public Library System has been awarded the 2018 Texas Achievement in Library Excellence Award.

Libraries awarded this honor were required to meet a high level of excellence in their programming and services. To be considered, recipients were required to demonstrate quality services across ten criteria.

This year, only 51 Libraries out of 548 Texas public library systems were awarded this honor. This means your Library is in the top 10% of public libraries in the entire State of Texas.

Please accept our sincere congratulations to a city which values and provides quality Library services and programs for the continued education and personal enrichment of its residents.

Sincerely,

Shelley Holley, Frisco Public Library
