A resolution authorizing the City Manager to execute a development agreement with CADG Kaufman 146, LLC, and Kaufman County Fresh Water Supply District No. 5 regarding approximately 146.746 acres of land generally located south of Interstate Highway 20, east of FM 741 and north of Heartland Parkway in Kaufman County, Texas, located within the extraterritorial jurisdiction of the City and being commonly referred to as "Heartland Town Center" and authorizing the City Manager to administer the agreement on behalf of the City and repealing Resolution No. 72-2017.

At the December 4, 2017, City Council meeting, Council directed the City Manager to finalize and execute a development agreement with CADG Kaufman 146, LLC, and Kaufman County Fresh Water Supply District No. 5, relating to the proposed Heartland Town Center Development. The development consists of two tracts, a 25.5-acre general retail tract and a 121.3-acre tract for residential use to include approximately 450 residential lots. The lots will primarily be 40-50 feet wide and will be comparable to the size of lots located in the Heartland development.

The developer has requested annexation into the city as part of the agreement on the condition that the City establish a Tax Increment Reinvestment Zone (TIRZ) and a Public Improvement District (PID) in order to fund infrastructure needed for the development. Staff's analysis of the proposed TIRZ finds that the revenue obtained from the development will be sufficient to cover increased costs of public safety for the area and will supplement the assessments paid by property owners within the PID.

The agreement also identifies development standards that would be unique to this subdivision. The developer will pay all development fees.

Staff recommends approval of the resolution.
