The applicant proposes the development of over 600 acres of land. The planned community would include approximately 2,500 single-family homes, a commercial tract and a mixed-use tract. The proposed Planned Development includes numerous specialized requirements for open space, right-of-way assemblies, bulk regulations such as setbacks and uses. An accompanying development agreement will include requirements for building materials and other aesthetics.

On September 23, 2019, the Planning and Zoning Commission voted unanimously to approve Application No. Z0819-0104, for a change of zoning from Agricultural to Planned Development district to allow a mixed use planned development.
