---

Bid No. 2018-096 - Purchase of Enterprise Servers and Storage for Disaster Recovery Site.  
(Staff recommends award to Dell, Inc., through Texas Department of Information Resources Contract No. DIR-TSO-3763, in the amount of \$108,472.44.)

**Name of Department**

Information Technology

**Project/Budgeted Amount**

\$110,000.00

**Sum of Bid/Bid Amount**

\$108,472.44

The IT Department schedules the enterprise servers and backup storage to be replaced every five years. The four enterprise servers support the Public Safety and General Government virtual server infrastructure of over 150 virtual servers. Server virtualization continues to save the City a large amount of money each year by allowing the IT Department to quickly create resources for new projects without needing to procure new expensive server infrastructure. The backup storage is used to backup the virtual machine infrastructure and replicate the backup files offsite.

**Financial Implications**

Funding is available in the Fiscal Year 2017-18 operating budget.

**Recommended/Desired Action**

Staff recommends award to Dell, Inc.
