The City of Mesquite leased golf carts in August 2014 through a fair market value lease program. Typically, the agreement is renewed every four years based on the terms of the lease and the lifespan of the equipment. Leasing carts rather than buying is an industry standard because of high use and depreciation of the equipment. The City also utilizes a cart maintenance program to ensure the highest value is obtained for the fleet at lease renewal time.

The City will be leasing 72 carts and 3 utility units to assist with course maintenance for a 48-month term. The beverage cart, from the previous lease, was in adequate condition to re-lease for a reduced amount and shorter term of 36-months.

The lease is made available through Mission Golf Cars, an authorized dealer for EZGO Corporation, through the BuyBoard Cooperative Purchasing System Contract No. 529-17, and includes an increase of \$827.59 per month from the last agreement. Payments are budgeted in the Golf Course operating budget and offset by golf cart fees.

### **Recommended/Desired Action**

Staff recommends that the City Council authorize the City Manager to enter into a 48-month lease agreement with Mission Golf Cars.
